ATA Lists Shares of Subsidiary ATA Online on New Third Board in China

Beijing, China, December 8, 2015 — ATA Inc. (“ATA” or the “Company”, Nasdaq: ATAI), a leading provider of advanced testing technologies and testing-related services in China, today announced that its wholly owned subsidiary ATA Online (Beijing) Education Technology Limited (“ATA Online”) has received approval from the National Equities Exchange and Quotations (“NEEQ”) in China to list its shares on the New Third Board, the over-the-counter stock exchange in China. The shares of ATA Online will be listed around December 18, 2015.

The Company expects the New Third Board listing of ATA Online to accelerate the growth of ATA’s core testing services and other businesses, which are primarily conducted in China, as well as to allow for some flexibility to raise capital from the Chinese capital markets if needed to fund its future growth.

Established by the State Council in late 2012, the New Third Board is a national over-the-counter stock exchange that supplements trading activities on the Shanghai and Shenzhen stock exchanges, including the related Growth Equity Market (GEM) exchanges. The New Third Board allows for trading of stock of growth-stage companies that do not otherwise satisfy the requirements for listing on the main Shanghai and Shenzhen stock exchanges, allowing small- to medium-sized enterprises in China access to the capital markets and greater exposure to the investment community. Policies are currently expected to be introduced in the near future to enable NEEQ-registered companies to transfer to the GEM exchanges.
