ATA Subsidiary ATA Online Announces Private Placement Plan

On New Third Board in China

Beijing, China, February 3, 2016 — ATA Inc. (“ATA” or the “Company”, Nasdaq: ATAI), a leading provider of advanced testing technologies and testing-related services in China, today announced that its wholly owned subsidiary ATA Online (Beijing) Technology Limited (“ATA Online”) has publicized a private placement plan in connection with no more than 16,760,000 common shares of ATA Online stock, representing approximately 30.0% of ATA Online’s current shares outstanding prior to the private placement, priced at RMB22.55 per common share. Total funds raised for the private placement are expected to amount to no more than RMB377.9 million, or approximately US\$57.5 million at current exchange rates. The proceeds from this private placement are expected to be allocated toward increasing ATA Online’s operating efficiencies, business development and other plans approved by the Board of Directors to support ATA Online’s future growth.

ATA Online listed its shares on the National Equities Exchange and Quotations (“NEEQ”), or New Third Board) in December 2015 to accelerate the growth of ATA’s core testing services and other businesses, which are primarily conducted in China. In addition, the listing on the New Third Board allowed for flexibility to raise capital from the Chinese capital markets to fund ATA Online’s future growth.
